Sant'Ilario d'Enza (RE) 18 March 2024 - The Board of Directors of Interpump Group S.p.A. ("the Company" - IP.IM), meeting today under the chairmanship of Fulvio Montipò, approved the draft financial statements for 2023 and the consolidated results for 2023¹, as indicated below.

Net sales

In 2023 **Net sales** totaled \in 2,240.0 million, up by 7.8% compared with \in 2,077.9 million in 2022 (+5.1% at unchanged perimeter²). At operating division level within the Group, Hydraulics grew by 6.0% (+4.4% at unchanged perimeter), while Water-Jetting grew by 12.9% (+7.3% at unchanged perimeter). Organic growth³ at Group level was 6.9%, comprising 5.9% by the Hydraulics division and 9.7% by the Water-Jetting division.

Profitability

EBITDA totaled \in 536.7 million, up by 9.0% compared with \in 492.3 million in 2022 (+6.6% at unchanged perimeter). As a percentage of sales, EBITDA was 24.0% (same incidence at unchanged perimeter) compared with 23.7% in the prior year.

EBIT totaled € 428.8 million, up by 11.7% compared with € 384.0 million in 2022 and representing 19.1% of sales (18.5% in the prior year).

Consolidated net profit increased from € 269.7 million to € 277.5 million, representing 2.9% growth.

Basic earnings per share were $\in 2.565$ compared with $\in 2.524$ in 2022.

Capital employed amounted to \in 2,370.6 million at 31 December 2023, up from \in 2,170.7 million at 31 December 2022: this increase principally reflects continuation of the investment program launched at the end of 2021 to expand the productive capacity of the Group.

The **ROCE** was 18.1% (17.7% in 2022), while the **ROI** was 15.4% (17.2% in 2022).

¹ The economic-financial data presented in this communication has been rounded to the first decimal place shown.

² With respect to the results for 2022, the change in perimeter comprises Draintech, Eurofluid, Indoshell Automotive System India, I.Mec and the Waikato Group. In particular, Draintech and Eurofluid were acquired in the prior year and were consolidated from June and November 2022 respectively. Indoshell Automotive System India was purchased in February 2023 and 31 March was designated as the effective acquisition date. As such, this operation only had a financial impact in 1Q2023, with full effect from 2Q2023. I.Mec and the Waikato Group were acquired at the end of April and the end of May 2023 respectively.

³ Same scope of consolidation and exchange rates.

Financial situation

The **net cash flow generated from operating activities** during the year was \in 372.2 million (\in 395.8 million in 2022) and the **free cash flow** amounted to \in 147.9 million (\in 51.1 million in 2022). Despite the dedication of substantial resources to the expansion of productive capacity, as mentioned above, the significant rise in FCF reflects the commitment of the Group to return cash generation to more optimal levels, following the exceptional activities and efforts made. In particular, the extraordinary growth in sales recorded in 2022, combined with the difficulty of sourcing raw materials and production components, had a major effect on operating capital with large increases in trade receivables on the one hand and, on the other, in inventories to guarantee the continuity of both production and customer service.

The **net financial position** at 31 December 2023 was € 486.5 million, compared with € 541.8 million at 31 December 2022⁴. Most resources were dedicated to development activities, with expenditure of € 222.5 million comprising capital investment of € 164.9 million and acquisitions⁵ of € 57.6 million. Dividend payments during the year totaled € 34.7 million, while € 2.2 million was collected from the sale of treasury shares to the beneficiaries of stock option plans.

At 31 December 2023 Interpump S.p.A. held **1,908,863 treasury shares** in the portfolio corresponding to **1.7531%** of share capital, acquired at an average unit cost of \in 38.7871.

Events occurring after the end of 2023

The signature of a US\$ 300 million Note Purchase and Private Shelf Agreement ("Shelf Facility") with PGIM Inc.⁶ was announced on 31 January 2024, with the simultaneous issue, in the form of a US Private Placement, of bonds backed by the above facility totaling € 100 million. Specifically, the bonds will mature in ten years (January 2034), having an average duration from issue of 8 years, and will pay a fixed coupon of 4.17% every semester; these bonds do not have a rating and will not be listed in regulated markets.

⁴ At year end, the Group had commitments for the acquisition of stakes in subsidiaries totaling € 81.2 million, compared with € 62.8 million at 31 December 2022.

⁵ Significant acquisitions during the year included: 1. Indoshell Automotive System India P.L.: company specialized in the casting of ferrous and non-ferrous metals; 2. I.Mec S.r.l.: company specialized in the production of mechanical sifters, being vibrating devices for the granulometric selection of materials; 3. Waikato Group: leader in the New Zealand and Australian markets for mechanized milking. All three operations reflect the strategy of the Group to grow via diversification and the mitigation of risk. In the cases of Indoshell Automotive System India P.L. and I.Mec, the Group acquired respectively 85% and 70% of their capital, with the advance definition of "put and call" mechanisms via which - from April 2027 for Indoshell Automotive System India P.L. and from April 2026 for I.Mec - the counterparties can purchase and sell the residual equity interests. Among the smaller investments made, a further 15% stake was acquired in Hydra-Dyne, raising the Group interest in this subsidiary to 75%.

⁶ PGIM Inc is the global investment manager of Prudential Financial Inc, a US insurance company

Business outlook⁷

In the current year, the Group expects to consolidate the good results achieved during 2023, even though the international environment remains very complex. Based on available indicators, the Group forecasts that the turnover for FY2024 will be essentially stable at unchanged perimeter and exchange rates. In terms of profitability, the Group will seek to defend the excellent results achieved in 2023.

APPROVAL OF THE 2023 FINANCIAL STATEMENTS

The Board of Directors resolved to call the Shareholders' Meeting for 26 April 2024, in first and only calling, to approve the 2023 financial statements.

PROPOSED DIVIDEND

The Board of Directors resolved to recommend that the Shareholders' Meeting approve the distribution of a dividend of \in 0.32 per share (\in 0.30 in the prior year). If approved, this dividend will be payable from 22 May 2024 with reference to the accounting records at the end of the accounting day on 21 May 2024 (record date), following the clipping of coupon no. 31 on 20 May 2024.

CONSOLIDATED NON-FINANCIAL STATEMENT

The Board of Directors also approved the Consolidated Non-Financial Statement prepared pursuant to Decree 254/2016.

This Statement will be published, by the legal deadline, in the manner envisaged for the 2023 Annual Report.

REPORT ON CORPORATE GOVERNANCE AND THE OWNERSHIP STRUCTURE

Pursuant to art. 123-(2) of the Consolidated Finance Act (TUF), it is confirmed that the Board of Directors has approved the Report on Corporate Governance and the Ownership Structure for 2023.

This document will be published in the manner and with the timing envisaged by law, giving appropriate notice to the public.

ORDINARY SHAREHOLDERS' MEETING CALLED FOR 26 APRIL 2024

⁷ Consistent with the contents of the press release dated 14 February 2024.

⁸ For fiscal purposes, the entire dividend of € 0.32 per share is taxable in the hands of the recipient and has been drawn from the profit reserves accumulated in 2018 and 2019.

As mentioned, the Board of Directors resolved to call an Ordinary Shareholders' Meeting for 10 a.m. on 26 April 2024, in first and only calling, during which - in addition to approval of the 2023 financial statements, presentation of the Non-Financial Statement for 2023 and the proposed dividend - the Board also intends present *inter alia* the principal matters indicated below, with the clarification that - given the extension of the emergency rules for the holding of Shareholders' Meetings specified in Decree 215/2023, as enacted by Law 49 dated 23 February 2024, and by Law 21 dated 5 March 2024 - the Board also determined that Shareholders may only participate and exercise their voting rights via the Designated Representative pursuant to art. 135-(11) of Decree 58/1998, without any physical attendance by individual shareholders.

Further information about the items on the agenda is contained in the Notice of Shareholders' Meeting and in the Report of the Board of Directors to the Shareholders' Meeting pursuant to art. 125-(3) TUF, which will be made available to the public by the legal deadline.

Report on remuneration policy and the compensation paid for 2023

The Board of Directors approved Section II of the Report on remuneration policy and the compensation paid for 2023 of Interpump Group S.p.A. (the "Report"). Section I of that Report was previously approved for the three-year period 2023-25 at the Shareholders' Meeting held on 28 April 2023. Accordingly, the Meeting called for 26 April 2024 will be requested to approve just Section II of the Report, casting a non-binding vote pursuant to art. 123-(3), subsection 6, TUF.

The above Section II for FY2023, together with the text of the Policy described in Section I - which is unchanged with respect to that approved at the Shareholders' Meeting held on 28 April 2023 - will be published in the manner and with the timing envisaged by law, giving appropriate notice to the public.

Authorization to purchase and dispose of treasury shares

The Board of Directors resolved to present at the Ordinary Shareholders' Meeting on 26 April 2024 a proposal to authorize the purchase and disposal of treasury shares. In particular, subject to revocation of the existing authorization granted at the Shareholders' Meeting held on 28 April 2023 that expires in October 2024, the Shareholders' Meeting will be recommended to approve a new authorization for the purchase and disposal of treasury shares that is valid until October 2025, the key characteristics of which are presented below.

Such authorization to purchase on one or more occasions, whether in the market or via public offers to purchase or exchange in accordance with the law, relates to a maximum number of ordinary shares that, having regard for the ordinary shares held from time to time in the portfolios of the Company and its subsidiaries, does not in total exceed 10% of the share capital of the Company. The purchase may take place at a unit price of between a minimum equal to the nominal

value of \in 0.52 (zero/52) and a maximum of \in 85.00 (eighty-five/00). The authorization would have a maximum duration of 18 (eighteen) months from the date of approval at the Shareholders' Meeting. The purpose of the request to authorize the purchase and disposal of treasury shares is to enable the Company to acquire and use ordinary shares for the following purposes: (i) stabilize the share price should market liquidity be low, (ii) equip the Company with shares for use as consideration in special transactions, including the exchange and sale of shares, contributions and other types of disposal and/or use, and in the context of potential agreements with strategic partners, (iii) service the exercise of warrants or depositary receipts representing shares or similar securities and (iv) service the existing incentive plans and any future plans that may be adopted by the Company.

For further information, see the Report of the Board of Directors to the Shareholders' Meeting pursuant to art. 125-(3) TUF, which will be published in the manner and with the timing envisaged by law.

Mauro Barani, the manager responsible for drafting the company's accounting documents, declares - pursuant to art. 154-(2), subsection 2, TUF - that the accounting disclosures in this press release correspond to the contents of the underlying documents, the accounting books and the accounting entries.

* * *

This press release contains, or may contain, forward-looking statements that are based on current expectations and projections made by the Interpump Group with regard to future events. By their nature, these are inherently subject to a degree of risk and uncertainty. Such declarations relate to events and depend on circumstances that may or may not occur in the future and, as such, it would be inappropriate to rely on them unduly. Actual results may differ significantly from those envisaged in such declarations for many reasons, including the constant volatility and further deterioration of the capital and financial markets, changes in macroeconomic conditions and economic growth, other changes in

business conditions, changes in regulations and in the institutional context (in both Italy and other countries), and a large number of additional factors, the majority of which are beyond the control of the Group.
